TO ADVERTISERS.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and is on that account, if no other, the best medium for advertising.

## Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at Merrillfield's and Baker's bookstores, as well as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

BUTTER MARKET.—Tuesday November 3rd, the prices of butter ranged from 40 to 48 cents, with a few choice lots at 50 cents per pound. The total shipment of butter was 744 tubs. In cheese but few transactions, of farm dairy at from 14 to 15 cents per pound—factory made cheese, none.

## The Vote in St. Albans.

The vote in this town resulted as follows:

Whole number of votes 960.	
Grant	677.
Seymour	283.
Majority for Grant	394.

IRISH AMERICANS.—Large numbers of our Irish American citizens, who have voted the Democratic ticket habitually, have to-day, in St. Albans voted for Grant and Colfax. May they never have cause to regret it.

FIRE.—An alarm of fire was given about 1 o'clock p. m., and it was soon ascertained that the dwelling house owned by the Railroad Company, and occupied by Mr. M. H. Cota, on the corner of Foundry and Jail Streets was on fire. The fire was occasioned by a defect in the chimney; both engines were at the scene of the fire promptly, but it was extinguished with a few buckets of water, without their assistance.

GRANT AND COLFAX.—Among other election demonstrations we noticed that the locomotive "Gov. Smith," Frank Clatur Engineer, left on the noon express train South, flying a beautiful ensign which bore the names of "Grant and Colfax."

ELECTION RETURNS.—The telegraph reports of the Presidential election will be delivered as fast as received during the night, at the American Hotel St. Albans. Before the sun rises again we shall probably know the result. God Grant Peace.

NASBY lectures in Rutland on Saturday evening of this week.

SPORT AHEAD.—The Montpelier Journal says: "C. G. Guyett and John E. Hale, of Middlesex, have a wager on the approaching Presidential election. If Grant is elected, the latter is to wheel Mr. Guyett in a wheelbarrow from Mr. Dudley Culver's to Wright's Mills—a distance of about a mile. If Seymour is elected, Mr. Hale is to ride, and Mr. Guyett will do the wheeling.

SIX BARGES ASHORE.—The six barges in ballast which went ashore at Rouses' Point on Saturday, at latest accounts were laying upon the beach high and dry, near Fort Montgomery. They are cast up on dry land and there is perfectly dry walking all around them.

MR. J. K. AVERILL, of Champlain, N. Y., an old Democrat, in a speech at Rouse's Point, Monday night, announced his intention to vote for Grant and Colfax.

PATENTS.—The following Patents were issued to Vermonter for the week ending Oct. 27th, and bearing that date: Joseph D. Ayres, of East Greensboro, assignee to J. O. Cutler and William Wallace Goss, of Greensboro, for improvement in sugar pan derrick.  
Royal Cummings, of Newport, for improvements in printing presses.

MONTREAL.—It is in contemplation to invite Mr. Brydges, the managing Director of the Grand Trunk Railroad, to a public dinner, on his return to that city from England.

On Sunday evening the remaining companies of the 100th regiment left by the Quebec steamer en route for England. The News says: About four o'clock the regiment marched from the Victoria Barracks, headed by the band of the 78th Highlanders and the 60th Rifles, and proceeded through Notre Dame street to the Richelieu Co's wharf, the different bands playing lively selections of music. A large concourse of spectators, including many females, had assembled at the wharf to witness their departure. As the steamer moved out in the stream, cheer after cheer rent the air, both from the boat and the shore.

VERMONT AT THE MECHANIC FAIR.—At the recent Mechanic's Fair, held at Manchester, N. H., diplomas were awarded to the following Vermonter: Colby & Brothers, of Waterbury, for children's carriages; Timothy Vinton, of Brattleboro, for automatic lathe.

BIG APPLE.—The Bennington Banner says, "Mr. Timothy Wilcox has handed us an apple of the 20 ounce variety, which measures fourteen inches round it."

CHESTER.—Prof. A. D. Hagar, says *Bellows Falls Times*, delivered his speech on Switzerland, at the Universalist Church in North Chester, on Friday evening, Oct. 23, before an intelligent and appreciative audience, whose close attention he held throughout the evening. The lecture was a very able and interesting affair, and the proceeds realized were very generously donated by the Professor to the improvement of the sidewalks.

WANDERED FROM HER HOME.—The Rutland Herald says that on Tuesday night, Oct. 28th, Sarah Barber, daughter of Wm. C. Barber, of Benson, left her bed, after retiring in usual health, and has not been heard from since. She was not missed by the family until the next morning. Search has been made of the neighborhood for two or three miles in each direction from the house of Mr. Barber; and a search so thorough that every rod of ground has been looked over. Mr. Barber lives within one hundred rods of Lake Champlain. The Lake has been thoroughly dragged, and as yet no trace whatever has been obtained. The community there, as well as the family, are in great suspense as to this mysterious affair. Various theories are advanced to account for her disappearance, one of which is that being taken suddenly deranged in mind, she has wandered off on the road beyond where she is known, and is still alive.

We would call the attention of our readers to the above facts, that peradventure she may be discovered and returned to her friends, if yet alive. She wore away a new calico dress, of red color, striped, an old cloak that had been black, but had faded; also, an old light colored sun-bonnet. She is about 20 years of age, dark, sandy hair, cut short, and grown so as to hang down her neck. Any information in relation to her will be very thankfully received by her friends.

APPOINTMENT OF JUDGE OF PROBATE.—Governor Page has appointed Samuel E. Cook, Esq., of Weybridge, Judge of Probate for the District of Addison, to fill the vacancy occasioned by the death of C. G. Tilden. He is commissioned from the first of December next. Until that time, the duties of the office will be performed by the Register, J. S. Bushnell.—*Rutland Herald*.

A FEELING LETTER.—The following letter, from the mother of Mr. M. J. McManus, addressed to the Corresponding Secretary of the Vt. Officers Re-Union Society to be read at the re-union. Lieut. McManus was held in high esteem for his courtesy and kindness towards all with whom he brought in contact.

GENTLEMEN:—The invitation sent to Lieut. Marlen J. McManus to be present at the reunion of the Vermont Officers to be held at Montpelier, was forwarded to me from Bridgeport, Connecticut. It is my sad duty to inform you of the death of Lieut. McManus, which occurred

red September 27th, 1868 and he sleeps among the hills he loved.  
So when the wine cup is drunk in silence in memory of departed comrades, I hope there may be at least one who called him friend, and will sigh for the good and true young man gone in his early manhood to the "hourne from whence no traveler returns."  
I trust you may spend a pleasant evening, and that among the "regrets" sent to you there may be few so sad as mine.

Very respectfully,  
Mrs. M. J. McManus.  
To George G. Benedict, Esq., C. S.  
James S. Peck, Esq., R. S.

GOLD DISCOVERIES IN NEW HAMPSHIRE AND VERMONT.—The Rutland Herald says:

"In the eastern extremity of the Appalachian chain, another gold district has been discovered, which promises to be of much importance. The talcose slate rocks of the New Hampshire side of that chain of mountains, some time since, yielded from their quartz veins \$300 up to \$850 per ton of the precious metal. On the Vermont side, at Bridgewater, a locality has been long known as auriferous, and the General Land Office has, within a few days, received specimens of a quartz vein from Manchester of a very rich quality. From the analogous geological structure of the country, and the specimens in hand, a rich yield may be expected. Gold mining has, from time to time, been resorted to, and has afforded enough to stimulate research for the vein from which the metal was conveyed to the stream and bottom lands. The recent discovery is regarded as another evidence of the almost universal presence of this metal in the talcose slates.

FULTON MARKET.—Just received, a nice lot of Dried Beef, Sugar Cured Hams, Bologna Sausage, Sweet Potatoes, Tomatoes, Pears, Peaches, Water Melons and Musk Melons. dtf-94.

PROGRESS.—Columbus sailed to the American coast in a four hundred ton ship, and first landed upon the island of St. Domingo. Last week a vessel from St. Domingo unloaded in New York over four hundred tons of St. Croix Rum for P. H. Drake & Co., of that city. That is but a few weeks' supply of this article, which these gentlemen use in the manufacture of the celebrated Plantation Bitters. We are informed by an exchange that Messrs. Drake & Co., have not advertised a dollar for a year, but that the sales of this article continue at the former enormous figure. In 1864, the receipts of the Plantation Bitters were equal to those of New York & New Haven Railroad.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

A celebrated chemist says: "I consider, after careful comparison and analysis, 'Barrett's Vegetable Hair Restorative' to be the best hair preparation in the market. It is the only one I can fully endorse."—*Boston Journal*. d&w

Remie's Pain-Killing Magic Oil is recommended to use both externally and internally, and if used faithfully according to the directions on each bottle, it cures pain "like a charm," and when once used by any person, it has a new friend to praise its good virtues. The best praise is to try a bottle. d&w.

THE AMERICAN COOKING STOVE.—Having been so eminently successful at the New York State Fairs for the past six years' having been brought in competition with all the best stoves in the country, and having each and every year taken the first premium, and some years two, and having gained a world-wide reputation, and a record of which any one may be justly proud, we would now announce for the consolation of those who have so signally and repeatedly failed in competing with it, and have been so sorely chagrined at their numerous and repeated defeats, that this stove is not entered at this fair for a premium, as premiums have ceased to be of any account; but it is entered only for exhibition, that its thousands of friends and admirers may have the opportunity of examining its various improvements.
